## About the EPFLA Award

The Facility Leadership Award was introduced in 2008 by one of ACHCA's most revered leaders, the late Eli Pick. A former executive director of the Ballard Rehabilitation Center, DesPlaines, IL for over 30 years, Eli embodied excellence as an Administrator that cared for his residents, their families, and his community.

Eli worked with his colleague, John Sheridan of eHealth Data Solutions, to develop an awards program that uses data-driven criteria to objectively identify high-performing skilled nursing facilities and the leaders who make them excel.

Today, Eli Pick Facility Leadership Award recipients are identified using publicly collected data from the Centers for Medicare & Medicaid Services (CMS) QM and Survey Data, which is pulled and evaluated by an independent third party. Administrators of those high-performing SNFs are celebrated and honored during ACHCA's national awards ceremony held at ACHCA's annual Convocation and Exposition.

The Eli Pick Facility Leadership Award is a distinction of significance. Only 7% of facilities nationwide qualify.
